

## Pheasants Forever and Quail Forever Habitat Information Sheets (HIS) Table of Contents

The below is a guide to the available Habitat Information Sheets (HIS). These documents offer introductory information helpful to the success of your habitat projects. They are based on general best practice recommendations and are not a substitute for professional technical recommendations specific to your project. If you have additional technical questions, please feel free to call 877-916-7373. Good luck on your habitat project. Think Habitat!
